Plot To Overthrow Government Dug Up; Leaders Arrested

RIO DE JANEIRO, Oct. 22.—A wide spread plot to overthrow the government has been discovered and the leaders arrested. It was announced officially tonight.

The news, following the three weeks rebellion in Sao Paulo in July caused a sensation but the government appeared to have the situation well in hand.

Widespread arrests have been made in connection with a seditious movement designed to overthrow the established authorities said the official statement.

The plot had been so fully worked out that even cabinet posts in the proposed regime had been distributed.

"The government has had knowledge for some time," the statement said, "of the criminal intentions of the plotters and awaited only the proper time for repressive action."

When full proof was obtained government agents succeeded in surprising the malcontents who evidently had planned their outbreak for today.

"The leaders were arrested at a meeting where preparations were being completed for the uprising and compelled to reveal all their plans with the names of persons participating and those who had knowledge of the affair."

NEW MILITARY AIRSHIP IS SOUGHT BY NAVY

(By United Press)

WASHINGTON, Oct. 22.—A new military airship over twice the size of the ZR-3 and Shenandoah will be built by the United States Navy if the director of the budget and congress grant the appropriation now being asked by the Navy Department, it was learned in official quarters today.

Although the size of the air leviathan will depend upon the money available, present plans call for a capacity of about six million cubic feet, original plans for a ten million cubic foot ship having been given up. The ZR-3 contains 2,400,000 feet.

No official announcement of the plans will be made until after the election, even if the budget bureau approves the expenditure.

COMMITTEEMAN SAYS DAVIS IS AGAINST BOLTING

(By United Press)

DALLAS, Texas, Oct. 22.—There is no inference in the speech of John W. Davis, democratic presidential nominee, at Oneida, Kansas, that democratic voters may violate their primary election pledges, according to a letter made public here by Jed Adams, democratic national committeeman.

Charges had been made, Adams said, that voters had been "instructed to cast wild votes," upon a statement by Davis when he said he believed "in my party when right, some other party when wrong." "Do not find in any of his speeches a statement which would justify the inference drawn by deserters of the democratic party. Did in one speech say he believed in my party when right but some other party when wrong, but he wishes to inform you that he never at any time made a statement which could be inferentially construed as a suggestion that the voters should violate a pledge taken in the primary." The letter was signed by Harold Hathaway, secretary to Davis.

Dance Hall Denizens Cannot Make Bond

(By United Press)

KANSAS CITY, Mo., Oct. 22.—Mrs. Mattie Jonas, Cromwell, Ok., Eversole, Bonham, Texas and two others, arrested here yesterday on charges of attempting to violate the Mann act were still in jail today unable to make bond which was placed at \$3,500 each.

The arrests were made yesterday when officers said they found them departing from Cromwell with a number of Kansas City girls to become dancing partners with the customers of Mrs. Jonas' establishment there.

The charges state that the four are jointly maintaining a disorderly house under the guise of a dance hall in the new oil boom town. "Tired oil men" it was said are solicited there to dance and drink. It was also set out that false promises had been made to the Kansas City girls regarding their intended trip to Oklahoma.

Mrs. Jonas said she expected to call several Cromwell citizens to testify that her establishment there had been lawfully conducted.

G. Bascom Slemple, Secretary to President Coolidge, named by the independent presidential candidate as the man who was to disburse the "slush fund" probably will be called in this connection, Senator Cavanaugh, Arkansas, democratic member of the committee, said today.

MESQUITE, Texas, Oct. 20.—Robert Hall, 21-year-old world war veteran, given a twenty day parole from the state penitentiary to visit his family, which was increased by the birth of triplets Saturday, arrived home today to attend their funeral.

Acting Governor T. W. Davidson sent Hall home unguarded from the Weldon, Texas state prison farm after the plight of the family had been presented to him by Mayor J. F. McCulloch of Mesquite.

One baby died Sunday morning and the third last night. A joint funeral was to be held this afternoon a few hours after the return of the father to his destitute family. Hall was sentenced to a long term in the pen in connection with the fatal shooting of a member of a "tick-tack" party two years ago. He was sentenced upon circumstantial evidence. Friends here plan to seek a parole for the youthful prisoner.

Beginning Of End Occupation of Ruhr

(By United Press)

BERLIN, Oct. 22.—The French today evacuated the river port of Karlsruhe as a preliminary to evacuation of the Ruhr and Rhineland in accordance with agreements reached at London.

The French also evacuated Mannheim harbor today and are to withdraw their troops from Dortmund at dawn tomorrow. Preliminary work of evacuation has been completed at Dartmund to the joy of the inhabitants.

There was considerable speculation in allied military circles today as to how far France would proceed with plans for partial evacuation of the Ruhr, pending the outcome of the general election in Germany next month. The French have been extremely cautious in their evacuation plans and greatly distrust the German Nationalists, who may gain in the elections.

SATURDAY MAY DECIDE S. W. FOOTBALL FOR 1924

By MADISON BELL
(Former Star End Centre College)

(Written for the United Press)
PORT WORTH, Texas, Oct. 22.—
The coming Saturday may decide
the Southwestern Conference foot-
ball champions of 1924.

The game between S. M. U. and
Texas A. & M. at Dallas is by far
the most important of the season,
for it brings together the teams
that are really the leaders in the
chase for the 1924 title.

Granting the Mustangs the edge
because of their impressive victory
over the Texas Longhorns last week,
I am still of the opinion that the
Ponies will find stronger opposition
when they tackle Dana Bible's farm-
ers.

It would be foolish for me to say
that my Texas Christian University
Horned Frogs will win the confer-
ence crown, for I do not expect to
finish first. At that, the Frogs are
dangerous as was proved when they
defeated the strong Oklahoma A. &
M. Eleven.

In our game with Rice next Sat-
urday, I expect the Owls to give us
a tough scrap. It's going to be a
battle all the way. The Houstonians
are seeking revenge for the beating
we gave them on their home field
in 1923, but my team will be in
splendid shape and I have plenty of
reserve strength.

The Horned Frogs have a tough
schedule. We play Rice, S. M. U.,
Texas A. & M., Texas and Arkansas
in conference games. If we had Bay-
lor we might have a good season's
work ahead of us. That's an ambi-
tious card, but the Frogs want plenty
of opposition and I might add,
they certainly have it.

Much interest is attached to the
big intersectional game at Austin
Saturday when Texas meets Florida.
The Florida squad must be a corker
for the scribes considered Georgia
Teeb lucky in tying them.

My advice to conference fans is:
"Watch the Mustangs and Texas Ag-
gies." One of these teams will win
the conference championship, unless
the much-abused dope bucket gets
another hard kick.

WESTMINSTER SQUAD LEAVES FOR RUSK.

The Westminster Wildcats will
leave Thursday morning for Rusk
where they will meet the Rusk Col-
lege aggregation on Friday after-
noon.

The hilltop squad is in good con-
dition and as this is their last con-
ference game they intend to make
a clean cut victory and bring home
the bacon. Coach Chas. Lewis is
confident that his team will be
victors and they will be given a
rousing sendoff by the student
body upon their departure.

Mrs. Irving Neddler has just re-
turned from New York City where
she has been visiting relatives for
the past several weeks. She was
accompanied home by her mother,
Mrs. B. Cohen who will visit several
weeks in Mexia.

keep on selling 'em. News advertis-
ing brings desired results.

EVACUATION OF RUHR IS WELL UNDER WAY

(By United Press)

DORMUND, Germany, Oct. 22.—
Throughout the night, by the light
of roaring blast furnaces, French
troops were in the march out of Dor-
mund.

Dawn found evacuation of this im-
portant center in full swing, camions
and field pieces rumbling through
cobble-stoned streets while curious
German citizens peered from behind
window blinds and many could
scarcely repress cheers.

Dortmund, the first large Ruhr
center to be evacuated, will be clear-
ed of enemy troops by Thursday
morning.

Wesel, another city in the occupied
area, was also evacuated. Through-
out the Ruhr, the departure of the
blue clad soldiers is hailed as the
dawn of a new era. The French have
ordered all occupied mines, customs
offices and similar penalties return-
ed to the owners by October 28.

USE AND BEAUTY MEET IN THIS "MANTEAU DE MAISON"

EVERY woman has a deep-seated
longing for beautiful and artis-
tic house gowns or "Robes in-
times" as the French term them. The
trouble is that most of these lovely
things seem to be designed for that
leisure class of women which forms
only an inconsiderable part of Amer-
ican life. These negligees are beau-
tiful, yes, but too flowing and filmy
for everyday life. So most of us
pass them by, and content ourselves
with uninteresting "simonas," by
which we lose a great deal of the
pleasures of our all too few hours of
relaxation.

Here, however, is a little "manteau
de maison," which, for all its un-
doubted charm and chic, is quite a
practical leisure robe even for the
woman who has not a maid at her
command. It is made in mousseline
lamee bordered with plain muslin, but
would be quite as effective, and pos-
sibly more durable, in crepe de chine,
or Cinderella printed in one of the
charming floral designs.

The whole coat, which has a dis-
tinctly Chinese flavor, is cut on the
cross and fares amusingly at the back.
The fullness is confined with a pink
chiffon sash which passes through but-
ton holes on the sides and is tied in
front.

This manteau is provided with its
own fourreau of pleated Crepe Che-
nette, or it may also be worn over
any other slip or under garment. This
boudoir ensemble would, in fact, lend
itself admirably to being worked out
in the new Color Harmony Series
launched by Cheney, in which every
color harmonizes with every other one,
so that a boudoir coat of this kind
may be worn over any slip, or with
any sash of the same series of negli-
gee fabrics without any fear of clash-
ing.

A FIELD FOR REFORMERS

This is a great season for reformers. With myriad devices to make the world utopian, a multitude of aspiring organizations are projecting themselves into the foreground. They are directed and supported by men of many types: Practical and impractical, sensible and fanatical, sincere and insincere. They propose various programs: stricter motion picture censorship, Sunday blue laws, prohibition of tobacco, and a constitutional amendment declaring this to be a Christian country.

In most cases the agitators probably believe that what they propose is an important contribution to the public welfare. The difficulty lies in making the multitude see it that way. To gain this end, certain sums totalling millions of dollars are being raised, by which the people are to be "educated."

The reformers have a hard row to hoe. At a time when the average man is conscious of a number of pressing needs that cry out for relief he is not likely to respond enthusiastically to the attempt to make him believe that other things are more important.

It is too bad that the reformers do not pool their strength behind the things that the people need, instead of behind things which they are not sure they want. Among the things the people need, and for which the reformers could fight with a clear conscience, are:

More and better homes in the cities.
More and better schools in the country districts.
Lower federal taxes by spending less.
Conservation of resources, particularly our forests.

These tasks are quite enough to challenge the ablest reform organizations in the nation. With better schools and homes, lower taxes, and protection of our inherent wealth, the people would be far happier and better satisfied with themselves and their lot.

A happy people will not go far wrong.

They might be able, even, to dispense with a reformer's chalk line.

DO ONE THING WELL; NOT MANY INDIFFERENTLY

By S. W. STRAUS,
President American Society for Thrift.

An eminent American psychologist recently emphasized in a public statement the importance of thoroughness in the scheme of human progress.

S. W. STRAUS

His advice could be epitomized in the following paragraph: "Do not scatter your mental forces. Concentrate on those lines of endeavor in which you naturally excel.

Thoroughness will get you further along the way toward your goal than versatility. This is the age of specialization. Choose your work and then give to it your complete devotion and ability."

Not doing things well is about as bad as not doing them at all. This is one of the lessons of thrift. Superficiality is the cause of many a personal failure in life. It is one phase of thriftlessness. The problems of life are so large and complex, and the range of human endeavor so far-reaching that effective individual effort must be restricted to certain definite and somewhat limited lines.

There is an old proverb to the effect that "the fellow with one idea generally grows rich, while he who calls him a fool dies poor."

It is enough to have succeeded well in just one thing. It is better to attain worth while results in a single department of life than to have tried many things and failed in all.

Do not be a jack-of-all-trades. Be thorough in whatever you undertake. Merely skimming the surface is self-deception. Learn to do your job so well that no one else can do it as well as you can. In due time the opportunity will come for greater tests and responsibilities. It is in this way that the processes of progress unfold.

It is good thrift to concentrate and give the best that is in you. Men who do these things are life's successes.

Chinese War Moved Over To America

(By United Press)

CHICAGO, Oct. 21.—More than fifty Chinese were killed here during the night as guns in the nation-wide tong war flamed, resulting in the death of one and the wounding of four, two perhaps fatally. To the casualty list here was added the death of a Chicago Chinese in Milwaukee.

Chief of Police Collins and Chief of Detectives Hughes are in personal charge of the scores of policemen and detectives patrolling the Chinese district and on the hunt for the gunmen. Guards have been thrown around the Chinese district, and around the homes and business places of nearly 100 wealthy Chinamen who are said to have been marked for death.

Willie Kee Kai, 21, one of the owners of a West Madison street chop suey restaurant, was shot to death in the kitchen. A cook, recently employed, is hunted.

A few moments later, Moy Tong Home and Moy Tong Ton, proprietors of a laundry, were shot down while at work. They may die. Two others were slightly wounded. Attacks were made on other Chinese but the would-be assassins were hurried and their bullets missed the targets.

Herrin, Illinois Again In Eruption

HERRIN, Ill., Oct. 22.—Seventy National Guardsmen are patrolling the streets on the alert against another outbreak of violence in Williamson county following a street battle in which Glenn Young, former Klan liquor raider, is said to have participated. Young and others were arrested after the fight. They were taken to Marion under guard where they filed \$2000 bond each upon a charge of assault to kill John Carnavaglia, former health officer of Herrin. Carnavaglia said three men attacked him.

DRUGS EXCITE THE KIDNEYS DRINK WATER

The American men and women have guarded constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system, so they no longer are a source of irritation thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink and belongs in every home because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

Head of Man Found On Lincoln Road

(By United Press)

DIXON, Ill., Oct. 22.—Investigation is being made into the possibility of a murder following the finding yesterday (Tuesday) of a human head on the Lincoln Highway just outside the city limits.

The head was wrapped in a copy of the Sioux City Journal dated September 29.

Sheriff E. C. Biele, of Lee county, puts little credence in the murder theory. He believes the head may have been thrown out of an automobile by a medical student or a physician.

The head was that of a man and was well preserved.

FT. WORTH SHRINE CEREMONIAL ON NOVEMBER 22 SATURDAY

(By Special Correspondent.)

PORT WORTH, Texas, Oct. 22.—Plans for the holding of Mosiah Temple's Fall ceremonial are fast taking shape and in order to properly stage this spectacle it has been found necessary to use the Coliseum, where the Fat Stock Show and Rodeo are held. This will insure the staging of this stupendous spectacle upon a scale never before attempted by any Shrine Temple and also take care of over 5000 Shriner who are expected to be present upon this occasion.

In addition to the many and novel stunts, Imperial Potentate James E. Chandler and his party will participate in the ceremonial during the day, Saturday, November 22. Friday, November 21 there will be a dance held at the Texas hotel for Nobles and Novices in the evening and again Saturday, November 22 there will be a dance held starting at 10 o'clock in the morning. Novices will be registered both Friday and Saturday that all may be eligible to attend these dances.

The usual street parade will be held Saturday, starting from Burkhardt park promptly at 1 o'clock in the afternoon after which the activities will start at the Coliseum at 5:30 o'clock when the big banquet will be spread.

Potentate Frank Taylor announces the ceremonial proper with the grand entry of the Imperial Potentate and divan will occur at 7:30 o'clock sharp, with all the pomp and ceremony possible, after which will follow the first and third sections, and then the fun, which is to be furnished by "Frank Taylor's 500" movie class.

From 5:30 until time for the ceremonial there will be something going on in the big arena at the Coliseum to muse the Nobility who wish to get close seats and see the fun from "ring-side seats."

The visiting ladies will be taken care of in the usual Mosiah Temple style and a full day of activity is planned by the entertainment committee for them.

HUBBARD CITY "11" WILL INVADE LAIR OF BLACK CATS FRIDAY

Coach Ernest Poteet has just completed arrangements for the High School Black Cats to play the Hubbard City eleven on the local gridiron next Friday afternoon, Oct. 24th, at 3:30 sharp.

These two schools are old rivals but have not met in a pigskin battle for several years, the renewal of football relations between these two schools is looked upon with interest by the local fans.

With today's cold snap and the first real hint of football weather thoughts naturally turn to football. The Hubbard City Jackrabbits romped on Coolidge last week and are confident that they will make a little Black Cat fur fly on Friday afternoon.

The Black Cats are still feeling the sting of their defeat at the hands of the strong Marlin aggregation last week at the home of the Bulldogs and will be out to redeem themselves Friday. Coach Poteet is working his men to the limit but his squad will be greatly handicapped by the loss of Lucas

CAMBRIDGE—Harvard is making strong preparation for the Dartmouth game next Saturday, following the Green's feat in holding Yale to a tie. With a 190 pound back field composed of Gehlke, Miller and Hammond, the Crimson hopes to get away with the big end of the score.

PRINCETON—Notre Dame plays executed by an all-star team of coaches and former Tiger players in scrimmage yesterday had the varsity completely befuddled and demonstrated they need a lot of improvement if they hope to stop the Catholics' shifty attack next Saturday.

NEW HAVEN—Scrimmage yesterday was consumed in developing the varsity attack, which pepped up under driving of the coaches and three touchdowns were made against the scrubs. With the exception of Ebelat in Northman's place at right guard, the team was the same as played against Dartmouth last Saturday.

ANNAPOLIS—Five navy players, injured in the Princeton game were out of the line-up during scrimmage yesterday and the veteran Clyde was still on crutches, assisting the coaches on the sidelines. Captain Taylor, Lantz, Flippin and Forberg may be out of the line-up for another week.

WEST POINT—Harding who scored the Army's long touchdown against Notre Dame alternated at quarterback with the regular team on the varsity in scrimmage yesterday.

URBANA, Ill.—Bob Zupke lessened the scrimmage to light practice, running to chances of his ill squad "going stale." The Deapaw game Saturday is expected to be easy. Heavy work will be resumed in preparation for Iowa.

BLOOMINGTON, Ind.—The Indiana varsity and the "Frosh" will scrimmage on the local field Saturday. Receipts will be used to send the band to Ohio State Nov. 8.

LAFAYETTE—Jimmy Phelan is centering efforts on development of a stronger reserve squad. The boiler-maker varsity was held to light signal practice and the substitutes were given a hard scrimmage.

SOUTH BEND—Rockne wore furrowed brows today as he searched for a center to throw into the Notre Dame-Princeton classic to replace the injured Captain Walsh. Bumps and bruises kept several other regulars out but they will get back before the game.

IOWA CITY—The town is jammed with Iowa old grads here for home coming week, a departure from home coming day. Practice is strict with the squad intensifying its offensive drill for Minnesota.

Plot To Overthrow Government Dug Up; Leaders Arrested

RIO DE JANEIRO, Oct. 22.—A wide spread plot to overthrow the government has been discovered and the leaders arrested. It was announced officially tonight.

The news, following the three weeks rebellion in Sao Paulo in July caused a sensation but the government appeared to have the situation well in hand.

Widespread arrests have been made in connection with a seditious movement designed to overthrow the established authorities said the official statement.

The plot had been so fully worked out that even cabinet posts in the proposed regime had been distributed.

"The government has had knowledge for some time," the statement said, "of the criminal intentions of the plotters and awaited only the proper time for repressive action."

When full proof was obtained government agents succeeded in surprising the malcontents who evidently had planned their outbreak for today.

"The leaders were arrested at a meeting where preparations were being completed for the uprising and compelled to reveal all their plans with the names of persons participating and those who had knowledge of the affair."

NEW MILITARY AIRSHIP IS SOUGHT BY NAVY

(By United Press)

WASHINGTON, Oct. 22.—A new military airship over twice the size of the ZR-3 and Shenandoah will be built by the United States Navy if the director of the budget and congress grant the appropriation now being asked by the Navy Department, it was learned in official quarters today.

Although the size of the airship will depend upon the money available, present plans call for a capacity of about six million cubic feet, original plans for a ten million cubic foot ship having been given up. The ZR-3 contains 2,400,000 feet.

No official announcement of the plans will be made until after the election, even if the budget bureau approves the expenditure.

COMMITTEEMAN SAYS DAVIS IS AGAINST BOLTING

(By United Press)

DALLAS, Texas, Oct. 22.—There is no inference in the speech of John W. Davis, democratic presidential nominee, at Oneida, Kansas, that democratic voters may violate their primary election pledges, according to a letter made public here by Jed Adams, democratic national committeeman.

Charges had been made, Adams said, that voters had been "instructed to cast wild votes," upon a statement by Davis when he said he believed "in my party when right, some other party when wrong." "Do not find in any of his speeches a statement which would justify the inference drawn by deserters of the democratic party. Did in one speech say he believed in my party when right but some other party when wrong, but he wishes to inform you that he never at any time made a statement which could be inferentially construed as a suggestion that the voters should violate a pledge taken in the primary." The letter was signed by Harold Hathaway, secretary to Davis.

Dance Hall Denizens Cannot Make Bond

(By United Press)

KANSAS CITY, Mo., Oct. 22.—Mrs. Mattie Jonas, Cromwell, Ok., Eversole, Bonham, Texas and two others, arrested here yesterday on charges of attempting to violate the Mann act were still in jail today unable to make bond which was placed at \$3,500 each.

The arrests were made yesterday when officers said they found them departing for Cromwell with a number of Kansas City girls to become dancing partners with the customers of Mrs. Jonas' establishment there.

The charges state that the four are jointly maintaining a disorderly house under the guise of a dance hall in the new oil boom town. "Tired oil men" it was said are solicited there to dance and drink. It was also set out that false promises had been made to the Kansas City girls regarding their intended trip to Oklahoma.

Mrs. Jonas said she expected to call several Cromwell citizens to testify that her establishment there had been lawfully conducted.

G. Bascom Slemp, Secretary to President Coolidge, named by the independent presidential candidate as the man who was to disburse the "slush fund" probably will be called in this connection, Senator Caraway, Arkansas, democratic member of the committee, said today.

Will Tell All About Campaign Expenditure

(By United Press)

NEW YORK, Oct. 22.—"The fullest publicity of campaign contributions and expenditures, that a check can be put upon corruption in our governmental affairs," was urged by Jesse H. Jones, Democratic director of finance in a statement here today making public a list of contributors to the democratic national campaign.

Contributions to date totals \$561,826, Jones revealed, compared to \$558,996 up to October 18, 1916. There are no individual contributions of more than \$25,000.

Jones gave the entire list of contributors of more than 100 to the New York Times in advance of its submission to the special senate investigating committee in Washington.

"I am making public a list of contributors to the Democratic national campaign fund," Jones said, "at a time when the country is shocked and amazed by the disclosure of the existence of a determined effort upon the part of the republican campaign managers again to elect a president if the use and influence of large campaign funds will accomplish the purpose."

"October 10, or ten days ago, they had collected, according to their chairman, more than \$1,700,000 and expected to collect at least \$2,000,000."

"The entire budget of the democratic national committee is approximately \$1,000,000 and we have collected of this amount \$561,826, a striking contrast."

"It is only by the fullest publicity of campaign contributions and expenditures that a check can be put upon corruption in our governmental affairs. So long as our elections can be bought or seriously influenced by the lavish use of money derived from government favors, just so long will we have corruption and betrayal of public trust and just so long will the real sentiment of our people be thwarted."

"Undoubtedly a great majority of people are honest and want honesty in our government but unscrupulous leaders with bulging pockets can easily mislead and betray enough voters to decide an election."

"I advocate the fullest publicity of all campaign funds and expenditures, not only in national but in state and local campaigns. Most states have laws limiting the amount of money that can be legitimately expended in the election of their officials and if such a law is applicable to a state why not the nation?"

Jones and Bernard M. Baruch of New York City were the only ones to contribute \$25,000 the highest single contributions.

William G. McAdoo defeated candidate for the democratic presidential nomination and James M. Cox, the democratic candidate for president in 1920 were not on the list as contributors.

John W. Davis, the party's nominee for president gave \$5,000 and his running mate, Governor Charles Bryan contributed \$500.

Mrs. Ruth Bolling Wilson, widow of Woodrow Wilson gave \$100.

Other large contributors were: Henry Morganthau, New York \$21,000.

C. W. Watson, Fairmount, W. Va. \$15,000.

James W. Gerard, New York \$13,000.

Clem L. Shaver, Davis campaign manager \$10,000.

The Revival Under Big Tent A Great Success

Rev. Joe Jeffers preached to a large crowd Tuesday night who listened intently as he cried out, "How Shall We Escape If We Neglect So Great A Salvation."

The choir sang the praises of God in a most beautiful way and the sermon delivered on this subject stirred the souls and caused men and women to stop and think a great crowd was present, mothers and fathers saw their children, children saw their mothers' and fathers as they accepted Jesus as their Savior. To date 22 additions to the different churches and many persons have indicated a willingness and have shown a desire to know more of a Jesus who can save and it expected that a great number will hit the straight and narrow path, the only way to eternal life.

O! how sweet to know Jesus this man sought Jesus he ask for light and the everlasting light was given. Whosoever will may ask and they shall receive.

Are you attending the meeting? If you are not attending and if you are not boosting this great revival then you are not sharing in your part of this great success and when the tent is finally taken down and the praises are cried out will you feel that you've done your part and can you accept unto your self your share of this great success? of least resistance but it takes an effort where the opposition is great. Don't be classed as a knocker for it is easy to roll a ball in the way blessing.

SATURDAY MAY DECIDE S. W. FOOTBALL FOR 1924

By MADISON BELL
(Former Star End Centre College)

(Written for the United Press)
FORT WORTH, Texas, Oct. 22.—The coming Saturday may decide the Southwestern Conference football champions of 1924.

The game between S. M. U. and Texas A. & M. at Dallas is by far the most important of the season, for it brings together the teams that are really the leaders in the chase for the 1924 title.

Granting the Mustangs the edge because of their impressive victory over the Texas Longhorns last week, I am still of the opinion that the Ponies will find stronger opposition when they tackle Dana Bible's farmers.

It would be foolish for me to say that my Texas Christian University Horned Frogs will win the conference crown, for I do not expect to finish first. At that, the Frogs are dangerous as was proved when they defeated the strong Oklahoma A. & M. Eleven.

In our game with Rice next Saturday, I expect the Owls to give us a tough scrap. It's going to be a battle all the way. The Houstonians are seeking revenge for the "beating" we gave them on their home field in 1923, but my team will be in splendid shape and I have plenty of reserve strength.

The Horned Frogs have a tough schedule. We play Rice, S. M. U., Texas A. & M., Texas and Arkansas in conference games. If we had Baylor we might have a good season's work ahead of us. That's an ambitious card, but the Frogs want plenty of opposition and I might add, they certainly have it.

Much interest is attached to the big intersectional game at Austin Saturday when Texas meets Florida. The Florida squad must be a corker for the scribes considered Georgia Tech lucky in tying them.

My advice to conference fans is: "Watch the Mustangs and Texas Aggies." One of these teams will win the conference championship, unless the much-abused dope bucket gets another hard kick.

WESTMINSTER SQUAD LEAVES FOR RUSK.

The Westminster Wildcats will leave Thursday morning for Rusk where they will meet the Rusk College aggregation on Friday afternoon.

The hilltop squad is in good condition and as this is their last conference game they intend to make a clean cut victory and bring home the bacon. Coach Chas. Lewis is confident that his team will be victors and they will be given a rousing sendoff by the student body upon their departure.

Mrs. Irving Neddler has just returned from New York City where she has been visiting relatives for the past several weeks. She was accompanied home by her mother, Mrs. B. Cohen who will visit several weeks in Mexia.

EVACUATION OF RUHR IS WELL UNDER WAY

(By United Press)

DORMUND, Germany, Oct. 22.—Throughout the night, by the light of roaring blast furnaces, French troops were in the march out of Dortmund.

Dawn found evacuation of this important center in full swing, camions and field pieces rumbling through cobble-stoned streets while curious German citizens peered from behind window blinds and many could scarcely repress cheers.

Dortmund, the first large Ruhr center to be evacuated, will be cleared of enemy troops by Thursday morning.

Wesel, another city in the occupied area, was also evacuated. Throughout the Ruhr the departure of the blue clad soldiers is hailed as the dawn of a new era. The French have ordered all occupied mines, customs offices and similar penalties returned to the owners by October 28.

Texas University Has 169 Nonresidents

There are 14 students in school this year from Mexico and other foreign countries represented by one student each are England, Japan, China and Persia.

Louisiana has the largest number of students in the University, with the exception of Texas. There are twenty students from Louisiana, twelve from New Mexico, ten from Oklahoma, eight from Missouri, five from Illinois, five from California, four from Arkansas, four from Mississippi, and three from Tennessee. Two students are enrolled from each of the following states: Georgia, Virginia, New York, and South Carolina. One student is registered from each of the following: Florida, Kentucky, Massachusetts, Washington, Michigan, New Jersey, Connecticut, and Indiana.

USE AND BEAUTY MEET IN THIS "MANTEAU DE MAISON"

EVERY woman has a deep-seated longing for beautiful and artistic house gowns or "Robes Intimes," as the French term them. The trouble is that most of these lovely things seem to be designed for that leisure class of women which forms only an inconsiderable part of American life. These negligees are beautiful, yes, but too flowing and filmy for everyday life. So most of us pass them by, and content ourselves with uninteresting "kimonas," by which we lose a great deal of the pleasures of our all too few hours of relaxation.

Here, however, is a little "manteau de maison," which, for all its undoubted charm and chic, is quite a practical leisure robe even for the woman who has not a maid at her command. It is made in mousseline laines bordered with plain muslin, but would be quite as effective, and possibly more durable, in crepe de chine, or Cinderella printed in one of the charming floral designs.

The whole coat, which has a distinctly Chinese flavor, is cut on the cross and flares amusingly at the back. The fullness is confined with a pink chiffon sash which passes through button holes on the sides and is tied in front.

This manteau is provided with its own fourreau of pleated Crepe Chenette, or it may also be worn over any other slip or under garment. This boudoir ensemble would, in fact, lend itself admirably to being worked out in the new Color Harmony Series launched by Cheney, in which every color harmonizes with every other one, so that a boudoir coat of this kind may be worn over any slip, or with any sash of the same series of negligible fabrics without any fear of clashing.

A FIELD FOR REFORMERS

This is a great season for reformers. With myriad devices to make the world utopian, a multitude of aspiring organizations are projecting themselves into the foreground. They are directed and supported by men of many types: Practical and impractical, sensible and fanatical, sincere and insincere. They propose various programs: stricter motion picture censorship, Sunday blue laws, prohibition of tobacco, and a constitutional amendment declaring this to be a Christian country.

In most cases the agitators probably believe that what they propose is an important contribution to the public welfare. The difficulty lies in making the multitude see it that way. To gain this end, certain sums totalling millions of dollars are being raised, by which the people are to be “educated.”

The reformers have a hard row to hoe. At a time when the average man is conscious of a number of pressing needs that cry out for relief he is not likely to respond enthusiastically to the attempt to make him believe that other things are more important.

It is too bad that the reformers do not pool their strength behind the things that the people need, instead of behind things which they are not sure they want. Among the things the people need, and for which the reformers could fight with a clear conscience, are:

- More and better homes in the cities.
- More and better schools in the country districts.
- Lower federal taxes by spending less.
- Conservation of resources, particularly our forests.

These tasks are quite enough to challenge the ablest reform organizations in the nation. With better schools and homes, lower taxes, and protection of our inherent wealth, the people would be far happier and better satisfied with themselves and their lot.

A happy people will not go far wrong.

They might be able, even, to dispense with a reformer's chalk line.

DO ONE THING WELL; NOT
MANY INDIFFERENTLY

By S. W. STRAUS,
President American Society for Thrift.

S. W. STRAUS

An eminent American psycholo- gist recently emphasized in a public statement the importance of thoroughness in the scheme of human progress. His advice could be epitomized in the following paragraph.

“Do not scatter your mental forces. Concentrate on those lines of endeavor in which you naturally excel. Thoroughness will get you further along the way toward your goal than versatility. This is the age of specialization. Choose your work and then give to it your complete devotion and ability.”

Not doing things well is about as bad as not doing them at all. This is one of the lessons of thrift.

Superficiality is the cause of many a personal failure in life. It is one phase of thriftlessness. The problems of life are so large and complex, and the range of human endeavor so far-reaching that effective individual effort must be restricted to certain definite and somewhat limited lines.

There is an old proverb to the effect that “the fellow with one idea generally grows rich, while he who calls him a fool dies poor.”

It is enough to have succeeded well in just one thing. It is better to attain worth while results in a single department of life than to have tried many things and failed in all.

Do not be a jack-of-all-trades. Be thorough in whatever you undertake. Merely skimming the surface is self-deception. Learn to do your job so well that no one else can do it as well as you can. In due time the opportunity will come for greater tests and responsibilities. It is in this way that the processes of progress unfold.

It is good thrift to concentrate and give the best that is in you. Men who do these things are life's successes.

Chinese War Moved Over To America

(By United Press)

CHICAGO, Oct. 21.—More than fifty Chinese were jailed here during the night as guns in the nation-wide tong war flamed, resulting in the death of one and the wounding of four, two perhaps fatally. To the casualty list here was added the death of a Chicago Chinese in Milwaukee.

Chief of Police Collins and Chief of Detectives Hughes are in personal charge of the scores of policemen and detectives patrolling the Chinese district and on the hunt for the gunmen. Guards have been thrown around the Chinese district, and around the homes and business places of nearly 100 wealthy Chinamen who are said to have been marked for death.

Willie Kee Kai, 23, one of the owners of a West Madison street chop suey restaurant, was shot to death in the kitchen. A cook, recently employed, is hunted.

A few moments later, Moy Tong Home and Moy Tong Ton, proprietors of a laundry, were shot down while at work. They may die. Two others were slightly wounded. Attacks were made on other Chinese but the would be assassins were hurled and their bullets missed the targets.

Herrin, Illinois Again In Eruption

HERRIN, Ill., Oct. 22.—Seventy National Guardsmen are patrolling the streets on the alert against another outbreak of violence in Williamson county following a street battle in which Glenn Young, former Klan liquor raider, is said to have participated. Young and others were arrested after the fight. They were taken to Marion under guard where they filed \$5000 bond each upon a charge of assault to kill John Caravaglia, former health officer of Herrin. Caravaglia said three men attacked him.

DRUGS EXCITE THE KIDNEYS DRINK WATER

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system, so they no longer are a source of irritation thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink and belongs in every home because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

Head of Man Found On Lincoln Road

(By United Press)

DIXON, Ill., Oct. 22.—Investigation is being made into the possibility of a murder following the finding yesterday (Tuesday) of a human head on the Lincoln Highway just outside the city limits.

The head was wrapped in a copy of the Sioux City Journal dated September 29.

Sheriff E. C. Bisley, of Lee county, puts little credence in the murder theory. He believes the head may have been thrown out of an automobile by a medical student or a physician.

The head was that of a man and was well preserved.

FT. WORTH SHRINE CEREMONIAL ON NOVEMBER 22 SATURDAY

(By Special Correspondent.)

FORT WORTH, Texas, Oct. 22.—Plans for the holding of Mosiah Temples' Fall ceremonial are fast taking shape and in order to properly stage this spectacle it has been found necessary to use the Coliseum, where the Fat Stock Show and Rodeo are held. This will insure the staging of this stupendous spectacle upon a scale never before attempted by any Shrine Temple and also take care of over 5000 Shriner who are expected to be present upon this occasion.

In addition to the many and novel stunts, Imperial Potentate James E. Chandler and his party will participate in the ceremonial during the day, Saturday, November 22. Friday, November 21 there will be a dance held at the Texas hotel for Nobles and Novices in the evening and again Saturday, November 22 there will be a dance held starting at 10 o'clock in the morning. Novices will be registered both Friday and Saturday that all may be eligible to attend these dances.

The usual street parade will be held Saturday, starting from Burk Burnett park promptly at 4 o'clock in the afternoon after which the activities will start at the Coliseum at 5:30 o'clock when the big banquet will be spread.

Potentate Frank Taylor announces the ceremonial proper with the grand entry of the Imperial Potentate and divan will occur at 7:30 o'clock sharp, with all the pomp and ceremony possible, after which will follow the first and third sections and then the fun, which is to be furnished by "Frank Taylor's 500" novice class.

From 5:30 until time for the coronation there will be something going on in the big arena at the Coliseum to muse the Nobility who wish to get close rents and see the fun from "ringside seats."

The visiting ladies will be taken care of in the usual Mosiah Temple style and a full day of activity is planned by the entertainment committee for them.

HUBBARD CITY "11" WILL INVADE LAIR OF BLACK CATS FRIDAY

Coach Ernest Poteet has just completed arrangements for the High School Black Cats to play the Hubbard City eleven on the local gridiron next Friday afternoon, Oct. 24th, at 3:30 sharp.

These two schools are old rivals but have not met in a pigskin battle for several years, the renewal of football relations between these two schools is looked upon with interest by the local fans.

With today's cold snap and the first real hint of football weather thoughts naturally turn to football. The Hubbard City Jackrabbits romped on Coolidge last week and are confident that they will make a little Black Cat fur fly on Friday afternoon.

The Black Cats are still feeling the sting of their defeat at the hands of the strong Marlin aggregation last week at the home of the Bulldogs and will be out to redeem themselves Friday. Coach Poteet is working his men to the limit but his squad will be greatly handicapped by the loss of Lucas

PARIS, Oct. 22.—Paris' city streets are undergoing a lot of repairs these days and the bills are being footed by—Ringling Brothers circus.
Before the circus came to town here recently, the city fathers gathered together and put the circus management under \$20,000 bonds for any damage they might do to the streets.
Three streets were used in getting the circus to the grounds at the edge of the city and the usage of those three thoroughfares will cost Ringling Brothers approximately \$10,000.

GOV. SMITH'S SON WEDS AFTER ELOPEMENT

When he learned that his eldest son, Alfred E. Smith, Jr., twenty-four, a law student, had eloped with and been married to Miss Bertha Gott of Syracuse, N. Y., in The Bronx, N. Y., where a civil ceremony was performed, Governor Alfred E. Smith, of New York, who was in Birmingham on a campaign tour, telephoned parental forgiveness and ordered them remarried in the church. Rev. Father Francis P. Duffy, D. S. C., fighting chaplain of the One Hundred and Sixty-fifth Regiment of the Rainbow Division, performed the religious ceremony. Young Smith met his bride only a month before during the Syracuse State Fair. Miss Gott is the daughter of an engineer on the Twentieth Century Limited.

COUNTY EDUCATIONAL ASSOCIATION MEET

The County Educational Association met in Groesbeck, October 11, with J. J. Barfield presiding. A very interesting program was carried out.

Dr. H. K. Taylor of Southern Methodist University gave a wonderful inspirational address. Every parent as well as teacher in Limestone county could have derived benefit from his deeply thought out conclusions and apt illustrations.

Misses Hays and Winston are teachers of marked ability in their distinctive lines. Their demonstration classes were greatly appreciated by the teachers who were present.

Miss Howard Barrett sang several beautiful solos with a clear sweet expressive voice.

The next meeting is November 15 at Coolidge. Everybody come. A fine program is prepared. You cannot afford to miss it. Come, yours for better schools, MRS. CORA FERGUSON.
